## BY REQUEST.

Prepared At Small Cost, And Many Swear By It.

Mix the following by shaking well in a bottle and taking in teaspoonful doses after meals and at bedtime.

Fluid Extract Dandelion, one-half ounce; Compound-Kargon one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple harmless ingredients can be obtained at nominal cost from your home druggist.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming backache, bladder weakness and urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried it say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night. Curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial. It is said to do wonders for many persons.

The Scranton (Pa.) Times was the first to print this remarkable prescription, in October 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

Trials Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are given to the people, without a penny's cost, the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by Louisa Drug Company.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. The local—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the remedy of all nerve, all tissue, and all blood ailments. The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, lessens local weakness and discharges, while the Restorative, easing nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a personal tonic to the system. For positive local help, use as well.

## "GOOD LUCK" BAKING BREAD

No housewife or baker can have "good luck" if the flour is poor. Why not use the flour that everybody speaks well of? Few flours ever had such a good reputation as

It is a Flour with Life to It. It is pure itself; it is snowy white; it makes light, white, nutritious bread. When you set your bread you know it is going to raise. Surest guarantee you can get against sourness and soggy bread. Ask your dealer. Nothing to say if you don't like it. We are behind him in this. The Dewey Bros. Co., Millers, Manchester, Ohio.

### Select School.

All this sloppy talk indulged in by interested parties about what the city of Louisa pays the Waterworks company \$750 per year for is entirely beyond the question agitated by a Citizen in this paper some time ago.

The writer said then and says it again; this time giving to the public through the News what the ordinance says, that the city of Louisa is paying a private company \$750 per annum not for protection from fire, but for thirty street sprinkling plugs at \$25 per year each. Here is section 8 of the ordinance or franchise:

"In consideration of the benefits that will accrue to the city of Louisa by the erection and maintenance of said water works and sewerage system the city hereby agrees to rent and does rent, for the term of 30 years beginning as soon as the water works are in operation 30 street sprinkling plugs which are to be kept in repair by the purchaser of this franchise. The city shall pay an annual rental of \$25 each, payable semi-annually January 1st and July the first of each year."

Anything said here about \$750 for the use of water for "fire protection?" Suppose all these sprinklers could by any means be brought to play upon a burning house, what good could they do? It would be "play" indeed. This citizen has no fight against the water works. He appreciates the benefit the city derives from having plenty of water for domestic purposes and for protection against fire. Its value was clearly shown at the late fire. Along these lines the entire community is benefited. What he objects to is being compelled to bear his part, however small it may be, foreign to this discussion,—of the \$750 paid for sprinklers which benefit a very few of the citizens and

taxpayers of Louisa.

Fire protection is what the city should pay for and there should be no dodging by the water company. It should be required to keep sufficient water at all times to fight fire with, or assume responsibility for failure to do so.

The experience here with the water company management is what they complain about using the sprinklers for street sprinkling purposes so that very few of the sprinklers are used.

A Citizen.
